+ Add Column

Rows
Choose which property this report will group its results by. Each value of this property will be a row in the table. For example, if you choose a yes or no question, the report will show a row for "yes" and a row for "no."

Show one row for each* 

User Filters
Add filters to your report to allow viewers to select which data the report will display. These filters will be displayed at the top of your report.

Property ?	Display Text ?	Format ?
adm cmam status	adm cmam status	Choice

+ Add User Filter

Default Filters
These filters are not displayed to report viewers and are always applied to the data.
